

EAKINS WINS WITH LANDSLIDE

To the victor...

Long before the polls closed election night this six-foot long cake trumpeted the results

for all to see: 'John Eakins, MPP'. It sat on display, all iced in white with red icing trim,

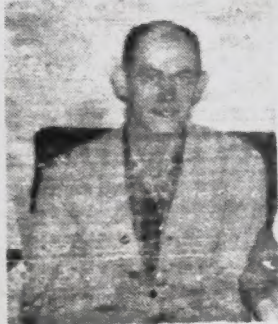

in the Liberal reception headquarters at Lindsay's Canadian Legion

hall. Assisted by his campaign manager, Doug Fisher, a jubilant

John Eakins cuts his cake, above, during the height of the festivities.

Nearly loses leg to chainsaw

An Eagle Lake grandfather of ten almost severed a leg a week ago Tuesday morning when his chainsaw slipped and chewed a gaping, jagged gash in his left leg. Oscar Scott, 65, was cutting some small poles for a foot-bridge across the road from his home when the bottom pole flipped upwards and knocked the chainsaw into his leg. The chain tore into the calf of his leg leaving a gaping wound 1½ inches deep and stretching from the ankle to the knee.

OSCAR SCOTT

'I didn't feel a thing at first', recalled Mr. Scott from his bed at home afterwards. 'I noticed my pant leg was torn and thought

have shown.' Impressed with the majorities he had achieved in the traditional Haliburton highland Tory stomping ground, the MPP-re-elect said 'I would like to send

a message to my good friends in Haliburton for the tremendous support given me.' (FOR MORE ELECTION COVERAGE SEE PGS. 3 AND 5)

maybe I had a scratch.' When he examined his leg more closely Mr. Scott, a carpenter and experienced chainsaw operator, realized the extent of his injury and hobbled and limped back across the road to his home where he used strips of adhesive tape to close the gaping wound. Mr. Scott was rushed to hospital in Haliburton by neighbor Arthur Morrison where some 38 stitches were needed to close the jagged gash. According to his wife, Irene, the saw cut deep into muscle tissue and her husband will be confined to bed and crutches for some time. For Mr. Scott his biggest single worry right now is his garden. It needs attention and, unable to walk,

Stolen safe found

An alert Ministry of Natural Resources Conservation Officer this week discovered a safe that had been stolen from a Haliburton business just two weeks ago. According to police the large, black, four-wheeled safe had been stolen in a break-in at Haliburton Lumber, Saturday, June

4th. It was discovered at Mississauga Lake, off Highway 507, 10 miles north of Buckhorn, late Monday. The safe's door had been removed by battering, the contents stolen. Late Tuesday police were checking leads in the Huntsville area.

Arrow tells family pet

Police are scouring the Harcourt area this week for a person who shot a pet dog with a 'bow and arrow, a week ago Tuesday.

he stands to lose it unless friends and neighbors pitch in.

The 2 year-old part collie, part hound dog, was the family pet of Mrs. Marjorie Baumhour and her children, of Harcourt.

According to police, Mrs. Baumhour had let her dog out for a run just after

'The Haliburton Highlands Chamber of Commerce'

John Eakins said 'I've worked hard, damn hard, to do my best for the people of my riding, and I trust the voters will remember my hard work when they go to the poles on June 9th'. The Chamber has been in a position in which we have been well aware of just how hard John has been working and can certainly say that John was by no means bragging when he made the above statement. We are, therefore, very pleased to see that the voters of Haliburton-Victoria did appreciate his hard work when they went to the poles, and we offer John our sincere congratulations on his re-election. His worthy opposition need feel no shame in losing to such a formidable opponent as John Eakins. Now that the election is over we can now get back to hammering away at the government to get on with the job.

Nila Reynolds recently contacted us for pictures and background information for an article she was writing for a newspaper called 'Early Canadian Life'. This very interesting paper is packed with all kinds of news from the world of art and crafts with features on interesting places to visit, hobbies, etc. The section contributed by Nila Reynolds explains not only a great deal about our past heritage but also covers items of our current considerable appeal. It is an excellent newspaper and an excellent article written by Nila which we can proudly say is one more piece of excellent publicity for the Highlands.

The new hours have been set for the summer for the Chamber Welcome Centre at Minden. Beginning Friday, June 17th and throughout the summer the office will be open 7 days a week at the following hours: Fridays 10 a.m. to 9 p.m., Sundays 11:30 a.m. to 4:30 p.m., and all other days 10 a.m. to 7 p.m. This week because both Elaine and Jackie are attending a course in Peterborough, the office will be closed on both Wednesday and Thursday.

The Manager is off to school this week also. This is the second year in attendance at the Canadian Institute Association Management at Western University in London. We found last year's one week course extremely informative and helpful and this year's advanced curriculum should be even more so. So, when we see you next week we should all be somewhat brighter but probably rather tired.

Bernice and Gord Lyddiatt have recently purchased Silver Birches Resort on South Lake. Gord still works for Cliffside as a heavy equipment operator but is looking forward to the time he can spend full time on the property. The business was closed when they took it over and they have been working hard to re-establish it. They now have nine cottages ready for operation and a number of trailer sites. We do hope you will all welcome Gord and Bernice to our business community.

Our first breakfast seminar last Wednesday was attended by 15 local business people. Alma Pope from Barrie gave a very interesting presentation on Personnel Management and all felt it was time well spent. During the presentation Alma read a list of characteristics that identify difficult employees. Some employers have found that by posting this list for employees to read they will consciously avoid being identified with any of the faults that are listed. A number of those present therefore felt it would be worthwhile to reprint this list in the column for those that may wish to make use of it.

DIFFICULT EMPLOYEES

Along with difficult guests we often have to deal with difficult employees who blame others for their shortcomings.

Those who always insinuate things about others.

Those who are always picking faults in others.

The 'Gold Bricker' who won't do his or her share of the work.

The 'Apple Polisher' who tries to keep in 'good' with the boss at the expense of others.

The trouble maker who tries to set one employee against another.

The sensitive one who is always imagining insults or slights.

The 'Crabbers' who always have to have something to complain about.

The 'Always Late' whom others have to fill in for.

The 'Arguer' who must disagree with everything said.

Those who are against anything new on general principles.

All of these are childish, immature attitudes, but people who act this way can destroy the harmony in any group of employees. Sometimes they are leaders who can win others to their way of thinking, and set one half of the employees against the others.

COMING EVENTS

June 15 - W. I. 70th Anniversary Party at United Church Hall, Minden.

June 17, 18, 19 - Kinsmen Home & Vacation Show - Haliburton Arena.

June 19 - Display of Art by public school students at Highland Crest Home - 1:30 to 4:00. Sponsored by W.I.

Dingoes, wild dogs of Australia, do not bark.

Frugal Stanhope holds the line

A frugal Stanhope Council kept its eye on the dollars to bring in a budget that will increase residential taxes by just 7.1 percent, well within the Anti-Inflation Board's guidelines - today's yardstick.

For Stanhope's commercial businesses the increase will be slightly less - seven per cent.

Although Stanhope's actual budget increase will be some 9.2 per cent, Clerk-Treasurer Gerald Bain pointed out that various government grants will keep the tax increase at 7.1 per cent.

Excluding roads expenditures, this is a record budget for Stanhope Township. The 1977 budget estimate is \$129,650 - an increase of some \$10,950 over the 1976 estimate of \$118,700.

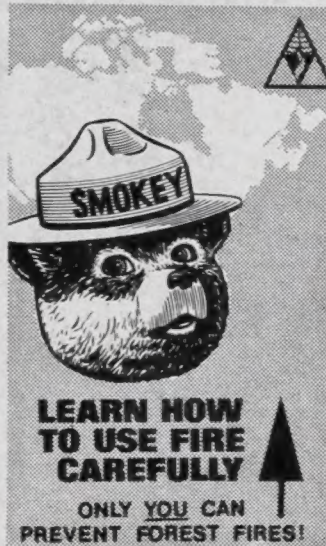

Helping to increase the budget is an additional \$6,000 for municipal employees wages and benefits in 1977; up from \$22,000 in 1976.

Some \$3,000 has been set aside this year for the municipal buildings and grounds. This represents an increase of \$2,400, the bulk of which will be spent on renovations to the Stanhope municipal office.

Another increase of some

\$5,000 will be used for the production and distribution of Stanhope's Restricted Area By-law. Each ratepayer in the municipality as well as abutting municipalities will receive a copy.

Notable among the budget decreases is a \$15,000 paring from the library allocation. Mr. Bain explained that construction costs were absorbed last year and the \$3,500 allocation for 1977 will be used primarily for maintenance purposes.

Ever had the first three digits right and then ended up not winning a prize?

Starting June 23rd draw:

You win 5 tickets* for the next draw if you get the first three digits right.

We know how it is. Sometimes you get the first three digits right, and then just as you think you've got it made, you find you didn't even win \$25. Well, Wintario wants everyone to win. So we've changed the game a little. We've added more prizes. (There are now more than twice as many — every draw!) And we've given every player more chances to win.

Here's how it works. Starting with the June 23rd draw, if the first three digits on your ticket are identical to, and in the same order as, the first three digits of any of the five Winning Numbers, you win a book of 5 tickets for the next draw — on us. A nice little windfall.

So what are you waiting for? Get a ticket — or a book of tickets — and play the game, every other

Thursday night at 9:00, live on TV.

*These prize tickets must be claimed within two weeks of the draw — and only from designated retailers displaying this sign.

ONTARIO LOTTERY CORPORATION

ARROW

FROM P. 1

supper and when the dog returned some two hours later it had an arrow through its right side - the tip of the hunting arrow protruding from the dog's chest.

The dog was squirmish and in obvious pain but it wasn't until the next morning that

Mrs. Baumhour could finally capture her pet.

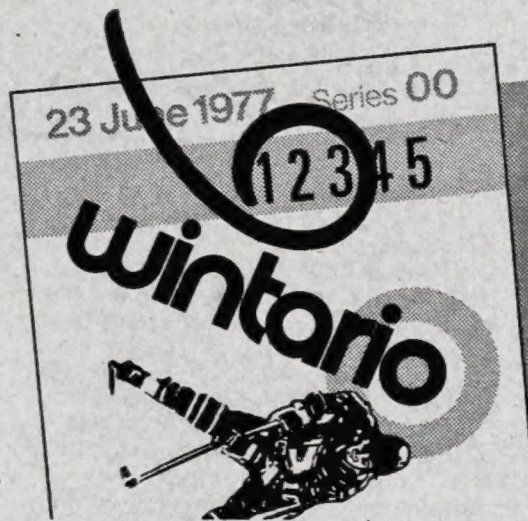

She took the dog to Wilberforce veterinarian, Dr. Shorri, but he was unable to save the animal's life.

The continuing investigation is being carried out by Provincial Constable Bob Pearson.

To all those who worked on my behalf and on behalf of the Progressive-Conservative Party and who supported us, a sincere thank

you.

Jim Levstien

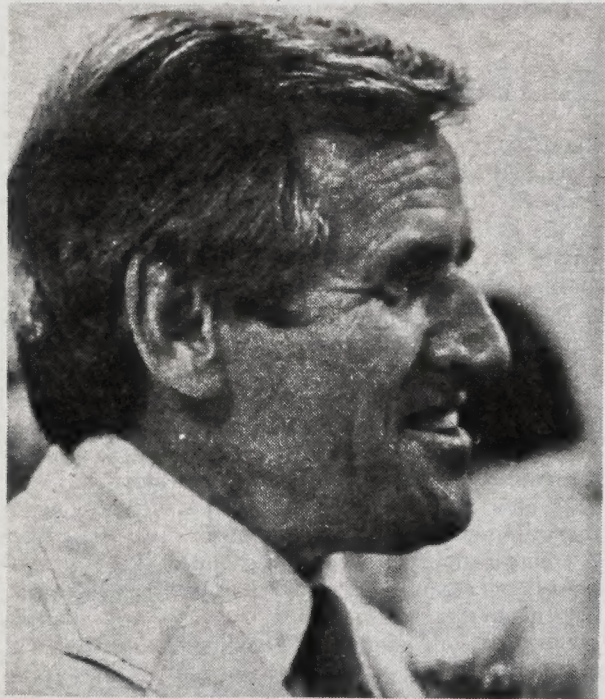

Now more than twice as many prizes. And still just a buck!

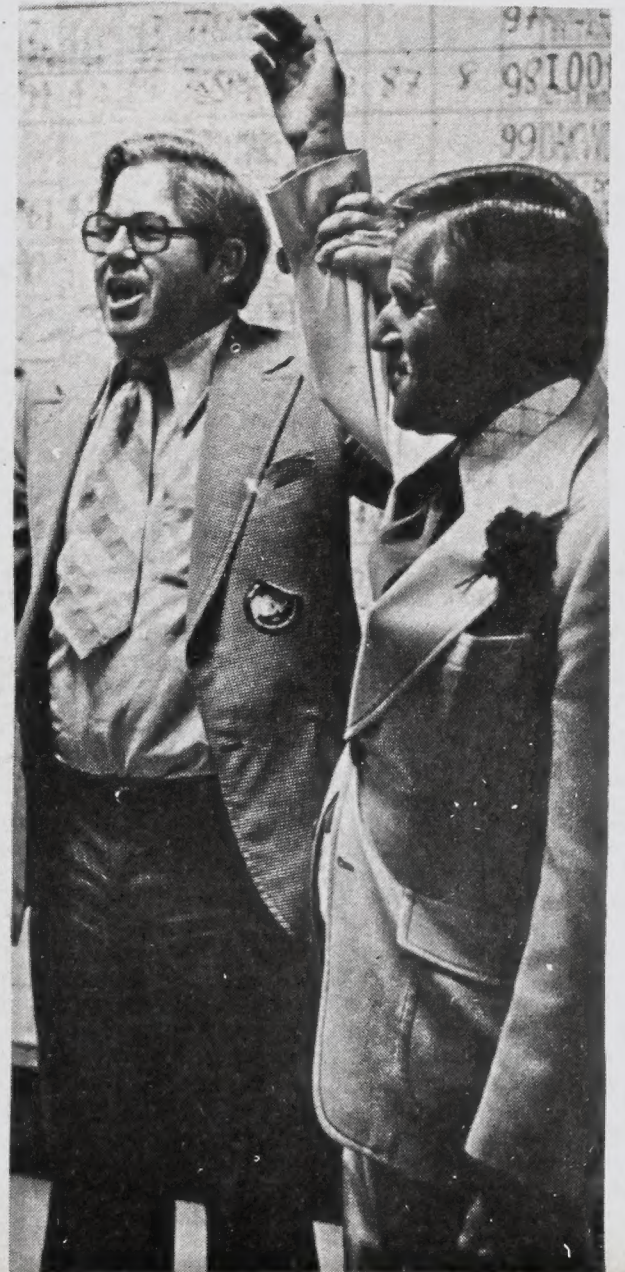

Wintario

We all win

THE WINNAH ! ! !

It was a jubilant gathering at the Lindsay Canadian Legion Hall last Thursday evening as election returns began coming in and the possibility that John Eakins would sweep Victoria-Haliburton riding became certainty. The winning mood of the crowd, some 500 or more strong, is seen in these photographs (clockwise starting top-right): in a gracious and warmhearted gesture NDP candidate Fred McLaughlin concedes his own defeat but raises 'The Winnah's' hand on high; supporters came from all over the riding and here Mr. Eakins shares his victory with two of them; these three Mindenites meanwhile raise their hands in the traditional victory symbol (Eakins took every Minden poll); in still another warm tribute the PC's Jim Webster congratulates Mr. Eakins; a happy, thrilled crowd watch the Eakins' lead lengthen as more votes go up on the board; and 'The Winnah', John Eakins grins happily at his landslide win.

Editorially

Sweet Victory

No Backlash; no protest vote; just sweet victory. That was the story for Liberal John Eakins as Victoria-Haliburton voters gave him an overwhelming majority to return him to Queen's Park. And Mr. Eakins deserved their support. Dedicated hard work and a willingness to give unstintingly of himself have earmarked Mr. Eakins' efforts on behalf of the riding and its people since he was first elected provincially in 1965. It is in appreciation of this and with the certain knowledge it will continue that brought John Eakins his landslide victory.

Who Won?

There has been much speculation since the votes were counted last week as to who really won across Ontario. Was it the PC's who won more seats, but really lost? Was it the Liberals who lost, but really won? It certainly wasn't the NDP, who lost...and lost... and lost! Or was it the people of Ontario who really won? Ontario voters returned a minority government because they knew that minority government is a responsive, responsible government. Now, it's up to the three parties to make sure the people of Ontario get what they voted for.

Educating for enterprise

United States business and industry is coming out of the recession-depression while Canada is lagging. For that matter, Canada even seems to be sagging further.

The resilience of the United States again is amazing the world. Why the U.S. and not us?

One reason has to be an awareness in that country of how the economic world really works. The U.S. seldom follows for long any pat, cure-all theory. Certainly mistakes are made, but it doesn't take long until old and basic ideas return.

Those ideas are founded in the philosophy that people are productive -- not government, not inanimate factories and anonymous machines. In the U.S., if something has to be done such as recovery from recession and rebuilding an economy, enterprising people do the job.

Enterprise is the operative word.

Note how the new President Carter set an even-keel policy of working toward a government structure that doesn't constantly intrude and upset the efforts of individuals. He wants government bureaucracy to be supportive, not destructive.

President Carter is a southerner. The citizens of U.S. south are known for an attitude contained in the phrase "I'm from Missouri - show me". This reflects a healthy scepticism and demands proof that something will work.

In economic areas -- in running factories, holding a job, buying groceries -- most adults know what works from experience. We don't need a course in economics. We don't need to read Marx or Keynes or Galbraith or any other of the modern witch doctors of society.

Unfortunately, not everybody knows or is experienced in reality.

Universities can be areas of shelter from reality. In the past, universities were looked upon as places to learn, discuss, and argue theory, but then to test theory with a "show me" scepticism. President Carter studied formally in a sophisticated modern science and then went out into the world to create a solid personal underpinning in his life as a farmer-businessman.

Judging by the cries of anguish from university

graduates, too few today understand that an individual has to make his own progress in life. Too many feel that the diploma rates an automatic slot in the economic structure. The attitude is that an engineer is entitled to an engineering job; a teacher is entitled to a teaching job, and so on.

The failure among younger people is to understand how engineering and teaching and other jobs come about.

The point was made recently by Charles Spahr, chairman of Standard Oil of Ohio. He said the U.S. has created an educated class that can build spaceships or transplant human organs but its graduates have no idea of how the funds to send them through school were generated.

Young people have enquiring minds. They do not have the necessary knowledge because they have not been given that information.

Business, all kinds of business from the big company to the corner store, must press harder to the level of economic understanding among the new generation.

U.S. business people have been very much aware of this need for many years. John G. Hutchens, president of the United States Industrial Council which has been in existence for more than 40 years, observed recently;

"One thing is certain. If we do not ensure that the fundamentals of economics are properly explained to the rising generation, no one else will do the job for us."

"...To do the job right, businessmen must put together their program and present it to students in a way that allows as much personal contact as possible. Fortunately, there is at least one group of businessmen in this country (U.S.) that has been doing precisely that for years."

And wouldn't you know that such a program of personal education was organized 12 years ago by the "show me" people of the Missouri Chamber of Commerce.

In Canada, we often take our lead from U.S. practices. In educating for enterprise, Canadian business can work toward emulating the U.S. to the benefit of all of us.

OTTAWA and Small Business

Even if you don't know another thing about organized labour in this country (a condition which could well qualify you for a prominent position in the ranks of Labour Canada), you are undoubtedly aware that the Canadian Labour Congress has an unequalled grip on the labour movement. As an association of most trade unions, the CLC represents the majority of organized workers.

An important CLC function is government lobbying. The unfortunate October 14th Day of Protest against wage and price controls was one example of the organization's efforts to mould society along big labour's lines.

Political action groups like the CLC lay out millions of dollars to influence governments. Even if their campaigns fail, these groups are expected to pay their own way. That's why a recent announcement from the federal Department of Labour, comes as such a shock.

The federal government has promised \$10 million to

the CLC, spread out over the next five years. The money is to be used for something vaguely defined as "labour education". Regrettably, almost no one seems to be able to specifically define "labour education".

The donation follows statements by Labour Minister John Munro that, quoting from the Canadian Press, "it would be good for Canada if its labour unions approached the strength of their British

counterparts." Mr. Munro always had a good sense of humour. But don't look for him in the Finance portfolio when Donald Macdonald steps down.

Unfortunately, the official announcement of the grant failed to explain a few details. One detail which springs to mind concerns the propriety of government funds flowing to political action groups; the cynical might regard it as bribery.

The Canadian Federation of Independent Business remains astonished at the grant.

A Public Education

by JIM SMITH

According to a C.F.I.B. spokesman, many Canadian universities already have well organized, properly funded, independent labour relations centres. "Why on earth should the government invest more money to duplicate facilities that are already underutilized?" he wants to know.

Maybe we don't need more schools to teach organized labour how to bargain more effectively; we've got those schools already. What we could use are schools to teach the public how to (a) deliver their own mail when organized postal unions go on strike, (b) deliver their own garbage when organized sanitation unions go on strike, (c) organize car pools when transit unions go on strike, (d) ...

The decision is most peculiar, even from a government which brought you civil service strikes. Sometimes it's hard not to wonder whether our bureaucrats aren't spending too much time out in the sun.

Highlands love Eakins

Haliburton County voters love John Eakins. This was the inescapable conclusion Thursday night as Eakins won all but four of Haliburton County's 32 polls, and one of these was actually a dead heat. Eakins only losses in the entire county were in three widely separated polls where Tories' Jim Webster was victorious. They occurred in one of the Car diff polls, the Oxtongue Lake poll and the Tory Hill poll. In the Dorset poll both Webster and Eakins drew 66 votes while the N.D.P.'s Fred McLaughlin trailed with 23 votes. Haliburton County gave Eakins 3,144 votes, almost one-third more than the 2,136 votes tallied by Webster and well in front of the 543 votes by McLaughlin. Staunch Tory strongholds such as Minden and Haliburton gave Eakins a 34 per cent victory over Webster. Final tallies had Minden voters giving Eakins 739 votes while Webster drew 510 votes and McLaughlin 58 votes. Haliburton village gave Eakins 770 votes while Webster polled 483 and McLaughlin received 84.

First returns set trend to Eakins

Almost as soon as the first returns began coming in Thursday night, the trend was established and the re-election of John Eakins assured. Early returns from some of the Lindsay polls indicated Eakins ahead by some 30 per cent. That it would likely be a landslide victory became apparent moments later, when Eakins edged out the Tories' Jim Webster in a Fenelon Falls poll-Webster's home town. With just ten percent of the polls reporting, Eakins had built up almost a 2 - 1 lead over Webster. By 9 p.m., an hour after the polls closed, Eakins' lead had increased to some 1,400 votes over Webster and 3,700 votes over Fred McLaughlin of the N.D.P. The final unofficial totals gave John Eakins 15,231 votes or 53.3 per cent of the popular vote. Jim Webster drew some 10,538 votes or 36.9 per cent while Fred McLaughlin got 2,795 votes or 9.8 per cent.

Trent-severn Waterway News

The month of May has been the fifth warmest and the fifth driest May in the last thirty-five years, with less than half the normal amount of rainfall occurring on the watershed. Cooler though not much wetter weather of the past week or so reduced evaporation losses over the Otonabee River basin. At the beginning of this week, therefore, we reduced outflows of reservoir water by approximately 30 per cent compared to the week before. The Reservoirs were at 77 per cent of maximum storage on June 6, 1977; Flows in the Otonabee River have been held to record low levels in order to maintain the Kawartha Lakes within their navigation ranges without drawing excess water off the reservoir lakes. The Canal Construction crew has moved onto the site and begun work on Big and Little Bob dams. Canal vessel permits for boaters using the Waterway are available from 26 lockstations and about 15 marinas. Seasonal permits along with 6 day and single day permits give you, the boater, a good variety of options which can be tailored to meet your boating requirements.

Stanhope setting for feature film

The municipality of Stanhope announced last week that it has granted approval to a Toronto based film company Tyagi Films Ltd., to use township lands for the purposes of filming a feature film. The film, to be entitled "Bridge of Love", will be filmed July 25 and 26 at the Big Hawk Lake picnic area in Stanhope Township. Although unaware of the nature of the film, Stanhope Clerk - Treasurer Gerald Bain says he expects up to 30 persons to be involved, including cast and crew. Tyagi Films Ltd. of Scarborough are producing and distributing the feature length film.

LETTERS

MINDEN PROGRESS, MINDEN, Ontario,

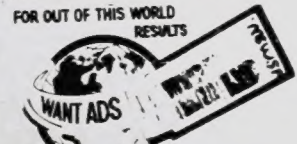

To the Editor:

Gravenhurst, Ontario, was incorporated as a village in 1877. This means that we are celebrating our Centennial in 1977. We know that former residents and friends of our town are scattered across Canada and around the world. We invite them all to join us for a Grand Reunion on Friday, July 1, the

beginning of our Old Home Week. For more information, please write Centennial, Box 2132, Gravenhurst, Ontario. POC IGO. Thank you for the use of your space.

Yours sincerely,

Cyril Fry, Chariman, Centennial Committee.

family...living

Hall's
Lake
News

Doreen Stinson

Cool nights and sunny days were with us most of this past week with a beautiful Saturday to enjoy. Rain during early Sunday morning hours and a decidedly cooler day on Sunday encouraged most cottagers to pack up and travel home earlier than usual.

Reports are that the big night on Saturday at the Minden Community Centre was a most enjoyable event with excellent food and dancing. It evidently was a 'hot time in the old town' judging by the horseradish one lady at least burned her mouth on! Signs of 'Use at your own risk' should be up on hot stuff like mustard and horseradish!

Mr. and Mrs. Reg Archer of Kitchener are spending a few days at their cottage, along with a guest, Miss Hilda Clarke from Ayr, Ontario.

Thanks to a thoughtful neighbour, we have had three nice meals of fresh salmon trout from our Lake recently. What tastes better than fresh lake trout fried slowly in a hot pan with good butter or cooking oil? Quite a few locals are catching fish this season.

Welcome to Larry and Cleo Carey who have just purchased the Wodzainska cottages here on the Lake and moved in on Saturday. We are told they are going to fix them up nicely and plan to retire up here one day.

Nice to have a chat with Mrs. Margaret Bates of Toronto who now owns a place at Big Hawk Lake and enjoys getting away from the City where she is an Art teacher in a school.

Interesting to hear news of a 300 lb. pumpkin which a local grew last Fall in his garden! Wish we could have seen it at the Fall Fair...

Congratulations to Mr. Ray Johnson, a teacher at the Senior Elementary School in Haliburton, who was awarded his B.A. at Wilfred Laurier College in Kitchener at the Auditorium on May 29th. Ray is the son of Mr. and Mrs. Elvin Johnson of Boshkung and his wife is the former Candice Bailey of Haliburton. These folks were all on hand for the special Graduation exercises and banquet and are justly proud of Ray for continuing his education while teaching. Ray is a local boy who graduated from Haliburton High and specialized in Music and does a good job teaching the younger children and taking part in many local concerts and church functions, including his church choir. He also teaches Geography. It is always good to hear of the local young people making a useful contribution to their Community and sharing their talents.

Mr. and Mrs. Scott of Kitchener are up for a week at their new home here by the Lake.

Camp Kandalore has had a busy time lately giving courses in woodlore to young people from Newfoundland, British Columbia, Manitoba and other distant points. They also work with Camp White Pine and Camp Towhee teaching canoe techniques.

Welcome to Mr. and Mrs. Les Clark who have recently sold their home in Thornhill and built a lovely home over on the St. Peter's sideroad at Maple Lake. Mr. Clark has done a lot and they own a cottage at Peach Lake so the area is quite well known to them. Their daughter Chris, is Mrs. ARcher of Matabanick Inn on Boshkung and they also have a married son and several grand-children to make their retirement years here more pleasant. The Clarks are fond of music and they have assisted in some instances when the choir of Zion United has put on special music at Carnarvon.

Had a few days in Belwood with a family gathering and enjoyed a drive through the lovely Hockley Valley and Orangeville and up through Orillia. Thanks to some recent rainy days and nights the ground looks green and fertile once again.

Got your tickets yet for the Music Night '77 at Archie Stouffer School in Minden, for Monday, June 20th at Proceeds to be shared with the Student Activity Fund and Hyland Crest Auxiliary, and a pleasant evening's entertainment is promised.

Friends and Members of Club 35 are reminded of the bake sale and bazaar being planned for July 13th and it is hoped that everyone is busy making something they are good at for this venture or gathering up things for the White Elephant or Knick-Knack Table. The men were asking what this means so we just said 'You know - the whatchamacallits!'

The caterpillars are still around. Hope this next week will see the end of them. In some areas the trees are stripped as in Winter and cottages are crawling with them. Thank

goodness for the lovely evergreen trees which do not attract them.

Ever dropped in at the Junction Restaurant for their fish and chips? They are really tasty! Also their chicken and chips.

The McGuires had Mrs. Hazel Welch and the Andersons all home for this week-end. Hazel had taken part in the Rodeo staged at Extencicare and everyone had such a good time that day. Many were decked out in Western style clothing to add atmosphere to the occasion.

Looks like more rain and it won't do any harm even though some of the restrictions concerning fires are now being lifted. Precautions should certainly be adhered to at all times of course.

Now the Election is over and let us hope all the successful ones will get together and work for the good of the Country as a whole. Seems they spend a lot of valuable time slandering the other parties instead of getting on with the important issues and which they are well paid to do. It will be interesting to follow their advances from here on in.

In case you are interested, 165 people voted at Polling Station No. 2 at Club 35 on the 9th of June with 91 voting Liberal, 49 P.C.'s, and 25 for the N.D.P. Now we should find out what happened to the difference in the possible number (approximately 234). Others would have voted in the Advance Poll in Minden of course.

The baseball diamond behind the new Firehall at Stanhope is finished and being used. A game between the Carnarvon Girls Team and West Guilford Girls was played last week with the Carnarvon Girls winning. A fairly good audience turned out to cheer them on and several locals and older people from around Guilford and Maple Lake and also from Minden were there. Thanks to Mrs. Ray Woodward who was the volunteer who supervised the job and to the Council who provided workers to assist in the preparation of this welcome addition to Stanhope Recreational Facilities. Ray is one member of the Recreation Committee and others too have have worked and shown their interest. Let's hear when the next game is on and perhaps we can work up some more enthusiasm, in the cheering section at least.

Nice to learn that Miss Carolyn Kinsman has been hired as the Head Instructor this year for the Red Cross Swimming Programme. This is the first time, we believe, that a local girl has qualified for this responsible position and Carolyn will be attending the Athletic Leadership Camp and Lake Couchiching come the end of June. Congratulations to Carolyn for persuing this worthwhile programme!

So good to see young Richard Kinsman up and around again after his serious car accident.

Good to have Joan and Cy Dudley, daughter Barbara and friend Leslie drop by Monday for a snack and a chat. They own a cottage on Big Hawk Lake and do like spending as much time up here as possible.

Now the word is out that two Council members are in favour of spending \$15,000 on renovating the present old Council Chambers at Maple Lake. Another viewpoint is that it would be more feasible to spend around \$40,000 and build a nice new structure on the North Shore Road

Teenagers
charged in
thefts

Two persons have been charged by police following a three day spree of thefts. Charged with three counts each of theft over \$200 and possession of stolen goods over \$200 are Kerry James Perrault, 16, of Willowdale and Gino Lieto, 16, of Toronto. Perrault is also charged with theft under \$200 and possession of stolen goods under \$200. Stolen over a three day period - June 9 - 10 - were two outboard motors, a 15 foot aluminum boat, a 17 foot fibreglass canoe, two gas tanks and one propeller. goods valued at about \$1,000 were taken from the cottages in the Salerno - White Lake areas, near Irondale. Investigation by Provincial Constables Mike Maher and Ron Buchanan.

near the Library, probably realizing a good sum for the present building and adjoining lot, or selling the lot and making the old school into a Museum for Stanhope. It seems that the Township Taxpayers should voice their opinions on an issue such as this!

Those ties in the Firehall lot are pretty extensive for a facility put there for the purpose of fighting fires - just to make it look pretty. Those in favour of putting the big beds of flowers in should be asked to manipulate the big fire truck and direct traffic next time an emergency call comes in!

The scarlet pimpernel which opens its flower at 7 a.m. and closes at a little past 2 p.m., does not open at all if it is going to rain!

The Storeroom

Another addition to Minden's growing business community was the recent opening of Wayne and Faye Henderson's, the Store-

room, located beside the Progress Office in Minden. The Storeroom features natural foods and crafts including pottery, crochet and wood-

work as well as custom made t-shirts, fresh peanut butter and bags of fresh grains and nuts. Also for sale are cedar and antique furniture

plus a paperback book exchange. Above, the Storeroom with Proprietor Wayne Henderson in set.

400 attend Fair dance

Some 400 persons gathered at the Minden Community Centre last Saturday night to enjoy a social evening of dining and dancing. Occasion was the County Fair Board's dinner and dance to raise funds for Haliburton County's only

fall fair.

Some 200 persons sat down to a dinner of barbecued beef, baked potatoes, hot rolls and all the trimmings. By the time the Misty River Ramblers had begun playing another 200 persons had joined the crowd.

The Food Booth Committee wish to thank all who came to the barbeque and supported the County Fair.

The Fair Board hope to see everyone at the Fair - August 13 and 14.

Lost in bush overnight, girl, 14, walks out to safety

A fourteen year-old Walkerton girl, who spent nearly 24 hours lost in the Glamorgan bush Monday and Tuesday appeared at the door of a Gooderham home at noon on Tuesday little the worse for wear.

Christine Sigfried, her arms badly swollen from mosquito bites, became lost late Tuesday afternoon and had spent the whole night trudging through the thick bush and swamp. Christine had arrived at the Ontario Leadership Camp at Bark Lake around noon hour Monday and after settling in, she and fellow new campers were taken on a familiarization walk on a path around the lake. She said afterwards her feet became sore so she slowed down a little and soon stopped for a rest. When she began walking again the group was out of sight and she somehow got off the path and into the forest. When her fellow campers returned to the camp and noticed her missing, the camp staff immediately organized a search.

As dark began settling in and still no sign of Christine, camp officials notified the Minden detachment of the Ontario Provincial Police. The 9 man O.P.P. search team, co-ordinated by Corporal Peter Alexander, began combing the area at

daybreak, Tuesday morning. Employed in the search mission were seven O.P.P. officers, from Minden, a Toronto O.P.P. helicopter piloted by Provincial Constable Sedgwick and an O.P.P. scout dog and his trainer, Provincial Constable P. MacNeil of Peterborough. Assisting the search team were two Ministry of Natural Resources employees who scoured Koshlong Lake and worked down to the Bark Lake portage. Christine turned up in Gooderham about noon Tuesday, in seemingly good condition except for the mosquito bites, even though she'd trugged some six miles through dense bush and had spent her entire first night at camp alone in the forest.

Operation Lifestyle

Lifestyle is protection against disease. When travelling outside Canada, check to see what shots you need against certain contagious diseases. Every country has different entry regulations and they are often revised.

About the Town

with Jeane Sears

For those up early enough the pageantry of the 25th Anniversary of Queen Elizabeth second, on T.V. last Tuesday was splendid. With many shots of the millions who lined the route of the parade and a sight of the golden carriage only used on such occasions, it was a grand show. Although the Queen is just a 'Head of State', still it brought many memories to many people. Of note was the troupe of R.C.M.P. leading the coach and as well that Centennial, carried Prince Charles and we noted that Prince Andrew had only a week leave from his school at Lakefield. This display must have been appealing even to those who have no regard for her.

Congratulations to the newlyweds Mr. and Mrs. C. J. Cornivelli (nee Marianne Dollo) who were married on Saturday.

Several new shops opening in the village, M&J Factory outlet of men's and women's wear beside Mike's Milk, (July 1st) and Nature Foods beside the Laundromat. This fills in all the stores in town, once again. Haven't found yet where the Fruit and Vegetable Market is to be, would like to know.

Mr. and Mrs. Phil Robinson and Bradley enjoyed a weekend visiting Mr. and Mrs. Jack Rosser and Barbara at Ailsa Craig.

Hint for motorists—When following a stopped truck on an upgrade, pull over a little to the left so he can see you in his rear-view windows and also allow a little extra space as trucks sometimes drift back when changing gears.

All his friends send good wishes to Floyd Hall who has been in hospital.

Saturday guests with Mr. and Mrs. M. Sears were Mr. and Mrs. Reg Leaman and family of River Drive Park.

There was Open House at the home of Mr. and Mrs. Fred Barry last Sunday afternoon when 150 people called on this couple on the occasion of their 40th Wedding Anniversary. They had a lovely buffet and tea and the table was centred by an anniversary cake. Presenting the gifts were Tim Barry and John Hulbigg. They received a colour T.V. and stand and Pearl a heart-shaped locket and Fred a pocket watch and chain. Guests from a distance included Mr. and Mrs. Arnold McElwain and Mr. and Mrs. Les Hagan all of Lindsay and Mr. and Mrs. B. Farrar from Kingston as well as many from this County. The community sends belated good wishes to this happy couple.

Familiar faces in the village over the weekend were those of Bert and Lionel Rowe of Scarborough as they visited friends.

Sincere sympathy goes to the families and friends of the late Mrs. J. W. Lyons, Maxwell Archer, Mrs. Maurice Cook and Miss Dorothy Clarke whose funerals were since last week.

Professor and Mrs. Orie Loucks and family of Madison Wisconsin, visited over the weekend with his father, Vinton Loucks. Next week Orie leaves for a week spent in Moscow dealing with a coming world conference regarding Environmental Matters and is representative of the Western World there.

Mender of toys, leader of boys,
Changer of fuses, kisser of bruises,
Bless him, dear Lord,
Mover of couchers, soother of ouches,
Pounder of nails, teller of tales,
Reward him, O Lord.
Hanger of screens, counselor of teens,
Fixer of bikes, chastiser of tykes,
Help him, O Lord.
Raker of leaves, cleaner of eaves,
Dryer of dishes, fulfiller of wishes—
Bless him, O Lord.

Jo Ann Heidebreder

Think of this—Your day goes the same way the corners of your mouth turn.

Sure looked like rain Sunday with a little shower in the morning but it passed us by again; some caterpillars still here. The Bailey Bridge is gone so the river looks better. Lots of traffic on weekends so take care. Cheerio until next time.

Around the world with Rotary

These three lovely Rotary exchange visitors hail from three different continents throughout the world but all were on hand last Monday night together with their host Rotarians, for Minden Rotary Club's regular weekly dinner meeting. The girls are shown, left to right, standing in front of the Rotarian with whose family they are currently staying: Jennifer Bowen, 19, of the Union of South Africa, with Haliburton Rot-

arian Vince Connaughan; Linda Danvers, 16, of Australia and Don Hall of the Minden Club; and Beatriz Baqueiro Gutierrez, 20, of Mexico with Minden Rotarian Al (Cub) Coneybeare. This completes Minden's second full year of participation in the project and the first full year for Haliburton. While Beatriz returns to Mexico June 22, the other two young ladies will remain in the community until next January.

implements, lawn seed, barbeques and charcoal are now displayed for customer convenience.

All "go" for summer exhibition and sale

The Haliburton Highlands Guild of Fine Arts are happy to announce the fifteenth annual Summer Exhibition and Sale to be held at the Haliburton Senior Elementary School. The opening of the Sale is Wednesday evening July 6th at 7:30 p.m. and continues until July 17th. Opening night will host guest speaker Mr. David Sutherland, president of Sir Sanford Fleming College. On Friday 8th at 7:30 p.m. Miss Isobel Lindsay, the Curriculum Services Of-

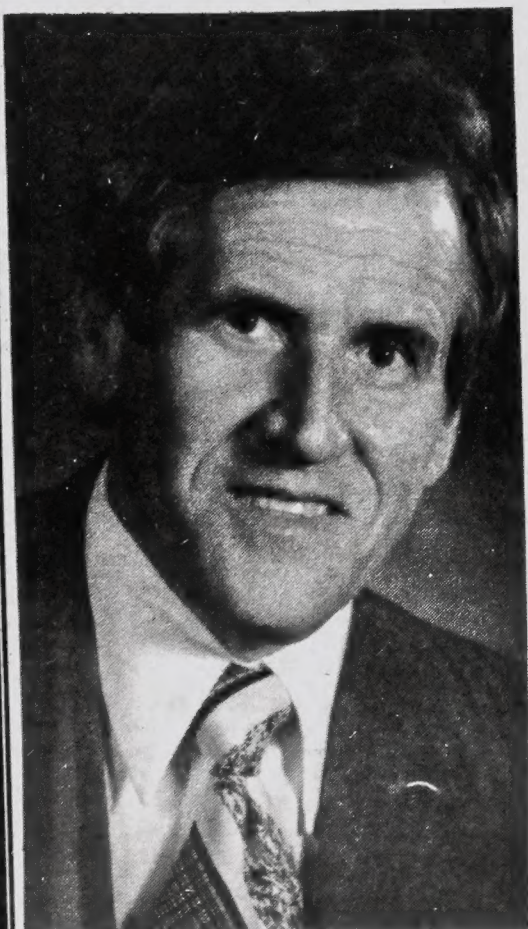

ficer for the Ministry of Education for the Province of Ontario will present scholarship certificates to the outstanding art students of Haliburton County. These scholarships allow the students to attend courses of their choice at the Haliburton School of Fine Arts this summer. Students chosen for the awards will be announced at a later date. This year the Exhibition will feature a special 'book corner' to promote the newly published book

'Dream of Excellence' a history of the arts and crafts of Haliburton County. Mrs. Nila Reynolds, author of the book will be on hand to personally autograph copies of the book purchased. Also on display will be some of the original paintings that are shown in the book by Miss Ethel Curry, Karl Hankey and Andre Lapine. Each afternoon except Sunday's from two o'clock until four o'clock the Eagle Lake Women's Society will sponsor a 'Tea Room' to add to

your enjoyment while viewing the Sale. Daily demonstrations will be given in weaving, spinning, rug-hooking, pottery, cooper enamelling, quilting, portrait sketching and petit point jewelry. The Summer Exhibition and Sale will be open daily 11:00 a.m. to 9:00 p.m., Sundays 1:00 p.m. to 4:00 p.m.

ANNOUNCEMENT

"TOTTEN SIMS HUBICKI"

The Directors of Totten Sims Hubicki Associates Limited are pleased to announce the appointment of John E. V. Jones as Head of their Buildings Department.

Mr. Jones has joined us following ten years of private practice experience in Canada... much of which has been devoted to Consultant work for various Municipalities, particularly in connection with institutional facilities.

Mr. Jones obtained a Diploma in Architecture from the Canterbury School, was elected an Associate of the Royal Institute of British Architects and is a Member of the Royal Architectural Institute of Canada.

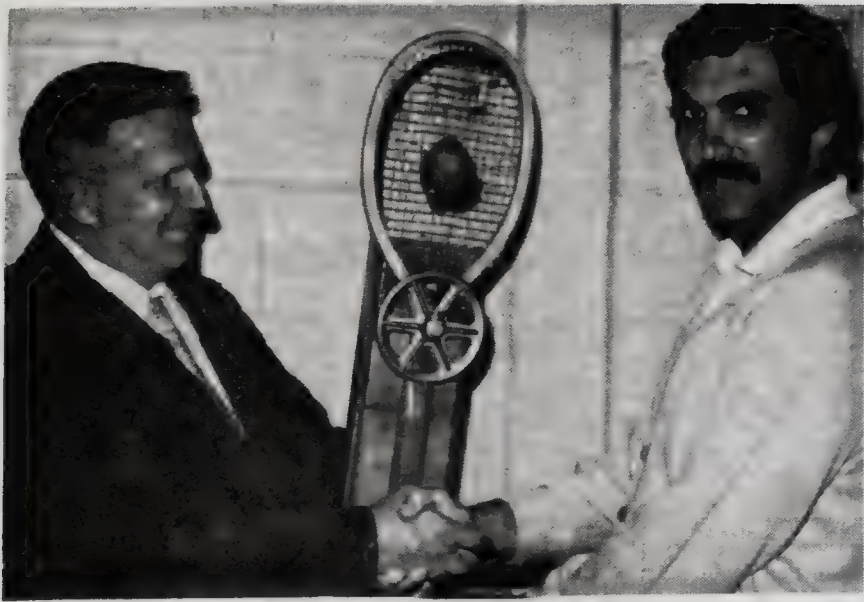

"JOHN E.V. JONES,
M.R.A.I.C.,
A.R.I.B.A., Dipl. Arch."

Following a 2 year spell in the Armed Forces, he held positions of increasing responsibility in architectural offices in London, England and Toronto.

Mr. Jones graduated from the Canterbury School of Architecture in 1953.

Rot-Ten

No pro, but a fair tennis player anyway, Minden's Don Hall virtually walked away with the Minden Rotary Club's tennis championship for 1976. After outclassing all his competition Don had to wait a while for the club's Vice-President Len Burch to create the special Rot-Ten Trophy emblematic of Minden Rotary tennis excellence which was finally presented to him last week by Dr. Burch, left above.

Promoted

Mr. Brian Mosgrove, Principal of Haliburton Highlands Secondary School announced this week that the following students have been recommended for promotion in all of their subjects - exempting them from June exams:

Year 1 - Leslie Booth, Janet Brohm, Lorna Carnegie, Elizabeth Cooper, John Henderson, Kelly Martin, Brenda Morrison, Lee Potter, Stephen Roman, Karen Snell, Shelley Thomson, Miriam Vanderwal, Anne Marie Van Lieshout, Michael Wright;

Year 2 - Gerri Lee Agnew, Jennifer Anderson, David Arbuthnot, Susan Austen, Audrey Bannon, Marion

Berning, Martha Carnochan, Jocelyn Kennedy, Paul Madden, Edward Roberts, David Sahpiera, Gregory Taylor;

Year 3 - Kimberley Brohm, Patricia Bunker, Alan Cooper, Erin Gilligan, Beverly Jones, Rhonda LaPorte, Marina Pearsell, Kimberly Roberts, Corrine Sepstone, Linda Sheckleton, Jennifer Stephenson, Norma Teasdale, Paul White;

Year 4 - Lorraine Cowan, David Everall, Brenda Graham, Wendy Homestead, Catherine Kinsman, Paul Rolfe;

Year 5 - Cindy Archer, Lynn Barnhart, Beverly Kimble, Douglas Stephenson, William Tyler and Graeme Wallace.

A distinguished Chinese artist of the 1920s, Huang Er-nan, painted flowers and butterflies on fine silk paper - with his tongue.

FROM THE LINDSAY AGRICULTURAL OFFICE

RAIN IN WESTERN CANADA

Earlier this spring, we heard a lot about the drought in Western Canada. This was the result of very little precipitation last fall and winter, and into this spring. By the first of May, the situation was critical. However in early May it started to rain and continued during most of that month. The soil moisture conditions are now good in most parts of the Canadian Prairies and seed germination has been excellent. While further rains will be needed throughout the summer, the current situation is very favourable for a bumper yield of grain again this year.

SCALD ON CORN LEAVES

We have received a number of questions about corn leaves which have whitish splashes across them. These patches have the outer cells bleached or scalded. This condition was likely caused by the rapid decrease in temperature which occurred over the last weekend in May. While this scald has affected some leaves, it should not have any serious affect on the development of the corn plant.

FEED TESTING

How much protein is in the hay or haylage you will be harvesting this year? It could be as high as 20 per cent or as low as 8 per cent depending on how early it is cut and the amount of legumes it contains. The protein supplement soybean meal costs at least \$300.00 per ton or 35 cents per pound of protein. If your hay contained an extra 3 per cent protein, it could be worth an extra \$20.00 per ton. Feed testing is the only accurate method of determining the nutrient content of your forage, but it is important to take a representative sample of the hay or haylage. The best time to get a representative haylage sample is at silo filling time. Take one handful of material from about every tenth load - put these in a clean plastic bag - at the end of each day, mix the material in the bag well, then take one handful of this mixture - put it in a plastic bag and put it in the deep freeze. When the silo is full, thoroughly mix all the frozen samples from that silo, again removing a large handful of the mixture. This is the sample to be tested. Hay samples can be taken any time but early summer is the best time for sending samples to the analysis laboratory for fastest service.

The agricultural office has a coring device which will remove a small core from each bale sampled. This provides an easy, accurate method of taking hay samples. The University of Guelph will test samples for protein and minerals. The cost per sample varies from \$5.00 for a protein test to \$14.50 for a complete protein and mineral analysis. Mailing bags and instructions are available from the Lindsay Agricultural Office.

AGRICULTURAL EVENTS THIS WEEK:

Thursday, June 16, 8 p.m. - Woodville 4-H Club will meet at the home of Mike Dart, No. 5, Woodville. Dairy classes will be judged.
Friday, June 17, -Kawartha Junior Farmers Dance at the Ops Community Centre. Music by band. Everyone welcome.

Thursday, June 23, 8:00 p.m. -Junior Farmers Square Dancing, etc. at Cameron Hall. Everyone welcome.

\$29,710 grant for Stanhope Community Hall

Stanhope Township Community Hall will receive a grant of \$29,710 from the Ministry of Culture and Recreation to help underwrite the construction costs of the Stanhope Firefighters Community Hall. The grant monies will help defray the expected \$118,840 expenditure for the new community hall which

is presently being constructed adjacent to the Stanhope Fire Hall. Stanhope Clerk - Treasurer Gerald Bain said that the subsidy will become available sometime after April 1st, 1978. The announcement was made at last week's meeting of Stanhope Council.

W.I. Hold 77th District Annual

Back row l-r, Mrs. Johnson, Mrs. C. Junkin, Mrs. O. Carew, and Mrs. R. Hopkins.
Front row l-r, Mrs. M. Wiseman and Mrs. A. Gillis.

Victoria East Women's Institute held their 77th District Annual at Norland United Church on May 19th. President for the district, Mrs. Roy Hopkins called the meeting to order with the singing of O Canada followed by the W. I. Ode, Mary Stewart Collect and the Lord's Prayer. Mrs. E. Fountain, President of the Norland Branch cordially welcomed everyone.

The minutes were read from the last district annual which was held last year at the United Church in Minden. It was decided at this time to continue supporting our Greek child until she finishes her school education. A letter was read from her and she expressed her sincere thanks for what we are doing for her and that the rest of her family benefits as well. It was then decided to hold our annual craft day at Cameron this Fall on October 19th. The district directors from each branch were sworn in by Mrs. Melville Wiseman, Provincial Board Director. Pennies for Friendship were presented to Mrs. C. W. Adams by the directors and the contributions from each branch for the Adopted child were received by Mrs. Oscar Carew.

Mrs. Roy Hopkins, District President, welcomed everyone and said how pleased she was to have acted as our president for the last three years. A gift was presented to her on her retirement from this office.

The roll call was taken, counting the number present from each branch. One member from each presented their talent money and told how the \$2.00 presented to each branch was multiplied by its members.

The guest speaker for the day was introduced. Mr. Ray Fleming from Argyle is a teacher and has written a couple of books on the history of Kirkfield and surrounding district. One of his books is known as the Eldon Connections. He is related to Sir Wm. Mc Kenzie and told of the families humble beginnings, their rise to riches and then their fall during the first world war. He told of pioneer days in the district and pointed out many old landmarks.

Mrs. Melville Wiseman brought greetings from Mrs. H. K. Maluske, President of

the Federated Women's Institutes of Ontario. She also gave us some highlights from the Semi Annual meeting of the W.I.O.F. Congratulations have been sent to our Queen on her Jubilee Celebrations on behalf of the women. Next year it is hoped to have an exchange of ladies between England and Ontario. Some of our representatives will be attending the National Plowing matches being held in the Netherlands next year.

Home Economist from Lindsay, Mrs. Christine Dukelow then addressed the ladies. She gave us a brief summary of the courses that were available during the last year. Assessories for the Home was made available last fall and was well received. A clothing clinic was held in February. Some 39 ladies took the Crewell embroidery course in March. The 4-H clubs took home beautification, which dealt with outside surroundings around the home and gardening. Hostess and a Party was taken by the young girls, and this spring they had 'For Knits Only'. Things coming up during this year will be How to Personalize you Pattern, Food Forum (tricks with a mix), and a tailoring course the third week in October to take place in Peterborough for five days and stressing more machine stitching rather than hand sewing. She thanked all the ladies for their support in taking the courses and passing them on to other ladies. These courses can only be made available if well supported.

A silver collection was then received and will go to the Nutrition Educational Programme.

The various convenors then gave their reports. They were Family and Consumer Affairs - Mrs. George Palmer, Fenelon, Agriculture & Canadian Industries - Mrs. J. Marshall, Bobcaygeon, Citizenship & World Affairs - Mrs. I. Reeds, Burnt River, Education & Cultural Activities - Mrs. R. Morey, Fenelon Falls, P.R.O. - Mrs. C. W. Adams, Bobcaygeon. The ladies were then favoured by musical selections from the Norland School children. Kindergarten and Grade One sang Robin in the Rain and Five Green and Speckled Frogs, Grades Two, Three and Four sang

See Mr. Banjo, In a Cabin, White Coral Bell and Stewball a Race Horse. Everyone much enjoyed their songs.

The two oldest ladies present for the day were Mrs. Bruce, Bobcaygeon and Mrs. D. A. Scott, Fenelon Falls. Mrs. M. Wiseman then conducted the election and installation of the officers for the coming year. They are Past President - Mrs. Roy Hopkins, Fenelon Falls, President - Mrs. O. Carew, Cameron, 1st Vice - Mrs. Stanley Stewart, Norland, 2nd Vice - Mrs. Hector Flett, Fenelon Falls, Secretary-Treasurer - Mrs. Allen Gillis, Cameron, Education & Cultural Activities - Mrs. Rae Morey, Fenelon, Family & Consumer Affairs - Mrs. George Palmer, Fenelon, Agriculture & Canadian Industries - Mrs. J. Marshall, Bobcaygeon, Citizenship & World Affairs - Mrs. Stanley Selleck, Cameron, Curator - Mrs. F. Windatt, Fenelon, Resolutions - Mrs. R. Mac Kay, Cameron, P.R.O. - Mrs. C. Adams, Bobcaygeon, Nominating Committee - Mrs. R. Oliver, Fenelon, Mrs. A. Formica, Cameron, Mrs. M. Goodhand, Fenelon, Auditors - Mrs. H. Poulson, Fenelon, Mrs. C. Johnston, Fenelon.

Federated Representative - Mrs. C. Adams, Bobcaygeon, Alternate - Mrs. Roy Hopkins, Fenelon Falls.

Mrs. R. MacKay read the resolution which dealt with boxes and cans on your grocery store shelves. It was unanimously agreed by the ladies that the name of the product appears on the package very large and clear but the instructions on use and dangers appear so small that it is impossible to read. Black printing on a red background is especially hard to read. It was agreed that this resolution was an important one and worth looking into further. Mrs. Cox of Minden extended an invitation to all Institutes to attend their 70th Anniversary to be held June 15th at Minden United Church at 12:30 for luncheon. Mrs. Jean Lee, President of Peace Valley W. I., extended an invitation to be host to next year's District Annual.

The day closed with our new President Mrs. Oscar Carew saying a few words. She is looking forward to a prosperous coming year for all Institutes in the area.

Mr. Muskie

Haliburton County's top Muskie fisherman has to be Minden's Shawn Hagerman who this week topped his last week's 15-pounder with this 22-pound lunker held above by himself and buddy Jamie Boyer. A week ago last Saturday Shawn took a 32-inch seven pound muskie which he immediately

topped the next day when he landed the 15-pound fish. Now he's broken his own record once again. Shawn doesn't mind telling what he caught all three muskies on - a 7 inch Rappela - , but don't ask him where. That's his secret and he's going to keep it.

NOW AVAILABLE FOR YOUR CONVENIENCE:

- * ICE CREAM
- * HOSTESS CHIPS
- * SOFT DRINKS
- * MILK

AND OTHER CONFECTIONARY ITEMS

at **MAE'S** Main Street
Minden

Summer immunization clinics set

With one death from tetanus in this area in the past few months the Haliburton, Kawartha and Pine Ridge District Health Unit have decided to conduct adult immunization clinics throughout Haliburton and Victoria Counties during the months of June, July and August.

Dr. Don Mikel, local Medical Officer of Health, termed the present state of adult immunization for both tetanus and polio as 'deplorable'. 'Immunization is dropping. It's state is so deplorable we thought it was time to hold these clinics,' he said. According to Dr. Mikel,

Ontario sits on the brink of an epidemic that could be brought on through common neglect. He said approximately 65 per cent of the population would have to be immunized to avoid an epidemic while some 80 per cent would have to be immunized to have no occurrences of a disease at all.

Dr. Mikel stressed that anyone who has never been immunized against polio or tetanus, or who has not been vaccinated in the last five years against one or both of these diseases should come to the clinics.

Senior Citizens' Week is June 19-25.

**This is what
Ontario's Senior
Citizens are doing
to help all of us,
all year.**

During Senior Citizens' Week, Ontario is calling everyone's attention to the contributions and needs of our province's seniors.

Talent doesn't retire. Senior Citizens have a wealth of knowledge and experience to share with future generations. They are enriching the cultural life of the province by participating in every aspect of Ontario's artistic activities. They are also coaching sports, teaching, driving other senior citizens to appointments, assisting them to fill out income tax returns, and serving in many other different ways.

Ontario is helping our seniors do things for themselves even while they do things for others.

There are over 1000 senior citizens' clubs and 90 senior citizens' centres in Ontario.

Special grants and other assistance are enabling older people to return to school and university.

Health services, financial benefits, tax credits and alternative types of housing have also been made available to seniors.

A Senior Citizens' Privilege Card entitles them to special privileges at many cultural institutions, tourist attractions, places of business and transportation.

Two free booklets, "Ontario Benefits for Senior Citizens" and "Where to Use Your Ontario Senior Citizens' Privilege Card," offer specific information about where and how to enjoy programs and services available to senior citizens.

For your free copies, contact your local Ministry of Community and Social Services office, or write to:
